Marton

DECKHAND

NATIONALITY

Hungarian

LANGUAGES

Hungarian, English

Marton left Hungary for Ireland in his early 20s. He started as a bartender and worked his way up to Bar Manager. After 8 years on the Emerald Isle, he realized he needed more sunshine in his life. Marton then decided to move to the Sunny Island of Malta for a year, where he encountered many boats.

While he was pondering where life might take him next, an opportunity presented itself. His very first position was on a sailboat in the beautiful British Virgin Islands. He sailed around the Caribbean for a few seasons before moving to the United States and joining the yachting industry. Motor yachts were a completely different feel from sailing, but he liked it so much that he decided to stay.

That was 7 years ago, and he's been loving the journey since. In his free time, he enjoys meditating, reading and working on his farm back in Hungary. The next goal is to acquire a few goats and make some cheese!
